

S2200

This addition to the Sahara range of projectors is a stylish crossover projector for use in either the business or home theatre arenas. The best technologies have been incorporated into this lightweight, XGA projector with 2200 ANSI Lumens and a host of other features:

- Latest Pixelworks IC with "Dynamic Contrast" function for a stunning dark to bright range
- Built in "3D Comb Filter" for flicker free images
- 4 Auto functions: Auto Keystone, Auto Brightness, Auto Ceiling and Auto Image Optimize
- The innovative Auto Brightness function detects the ambient light in your environment and selects the Normal or Eco mode automatically for optimised brightness and a longer lamp life (3000 hours)
- Includes 2 Computer RGB inputs and 1 computer RGB output, designed with schools in mind
- Certified 3LCD system and integrated optical engine for superb efficiency

SPECIFICATIONS

Resolution	XGA (1020 x 768)	Panel	EPSON 0.7" HTPS TFT LCD x 3
Brightness	2200 ANSI Lumens	Inputs	Component, Video, S-Video, PC RGB, RS232, Audio, USB
Contrast Ratio	500:1	Outputs	PCRGB, Audio, Other
Dimensions (WxDxH)	310 x 270 x 96mm	Video Compatibility	NTSC, PAL, SECAM, 720 TV Line, HDTV 1080i/720P/480P
Weight	2.7Kg	Data Compatibility	SXGA, XGA, SVGA, VGA, MAC
Lamp	180 Watt NSH - 3000 hour life	Sync Range	V: 13 - 120Hz, V: 15 - 100kHz
Projection Lens	Manual zoom and focus (optical zoom)	Speaker	2W x 1
Zoom Ratio	1.2:1	Image Functions	Freeze, Digital Enlarge
Image Size	40" - 300" (diagonal)	DNX Video Enhancements	Flesh tone correction, dynamic contrast, 3D Filter noise correction
Throw Distance	1.45m - 11.29m (4.75' - 37.04')	Auto Brightness Function	Automatically chooses Normal or Eco mode
Aspect Ratio	4:3 Native, 16:9 Compatible	Power Supply/Consumption	100 - 240V / 240 Watts
Digital Keystone Correction	V +/- 30° (Auto)		
Positions	Front/Rear/Ceiling (Auto ceiling setup)		
Noise Level	33dB (30 in eco mode)
