

Small Enough
to Fit in **Your Pocket,**
Bright Enough to
Spark Your **Imagination.**

Imagine Your Personal Media the Size of Your Home Cinema -- Anywhere

View video and images from personal media players, mobile phones, PDAs, cameras and gaming devices with ease and without recharging the battery for up to 2 hours.

Despite being smaller than many digital cameras and smart phones, the Optoma Pico Pocket Projector enables users to share images and videos from their media devices at sizes up to 60" – incredible from a device small and light enough to be comfortably carried in a pocket or handbag.

Based upon the latest LED illumination advances and DLP® imaging technology, Optoma's Pico Pocket Projector combines clear, vivid, high contrast images with long-lasting durability and simple operation.
