

IN1100 Series

Light, Bright, Ultra-Portable Projectors
with 1080p HD and PC-less Display

Part #: IN1116, IN1118HD

InFocus
Collaboration That Works

The IN1100 Series of mobile projectors deliver bright, clear images no matter where you are, from nearly any device.

Leave your laptop behind and use the IN1100's built-in 4GB memory or a USB drive to present files. You can view presentations, documents and videos the way they were meant to be viewed, in true 1080p high definition.

The IN1100 Series projectors are the brightest products on the market, lumens per pound. Whether you're in a bright room or cramped for space, the IN1100 Series offers a mobile projector you can count on to perform every time.

Why choose the IN1100 Series?

- IN1118HD is the only full 1080p HD product on the market at this ultra-portable size
- Compact and light weight for easy travel
- 2400 lumens for bright images in any lighting
- Connect via HDMI and VGA with ease
- Durable, road-tested design that's built to last
- PC-less display from USB drive or 4GB of memory

Built for the Road

The projector has a recessed lens to keep it safe from impact. Plus its smooth exterior leaves nothing to snag or break off when taking it in and out of a bag.

Display from No Device at All

Project images, audio and video directly from the projector's on-board 4GB of memory or from a USB thumb drive. Just load it and go.

Carry Easily and Connect Quickly

At only 3.5 lbs. it's easy to pack and carry and connects with your notebook or tablet via HDMI or USB in seconds to present full HD quality video.
